WELCOME & PRICING GUIDE

*LET'S CREATE
AWESOME MEMORIES
THIS YEAR*

Hello AND WELCOME

Thank you so very much for your interest in my photography services.

My goal is to always provide you with a wonderful experience. This includes a fun session, high-quality prints, beautiful products and top-notch customer service. It is my wish to create keepsakes that your family will treasure for generations!

Please read through this guide to view pricing information and learn about the various types of sessions I offer. Be sure to contact me with any questions or concerns you might have and give me a call to check availability and book your session.

Important

WHAT TO EXPECT

1. Before We Meet

I want you and your family to cherish your photos for many, many years. So I take time before our session to talk about what you would like. We talk about location, wardrobe, and how you would like to display these photos. We discuss creative ideas and what you want to capture. I love to get creative and I am open to any ideas you might have for your photos. I want all of your questions answered. We are both invested in these images and I want to be sure you are getting what you want.

2. During Our Session

During our session, I pay lots of attention to light, the position of your pose and the overall composition. I also do my best to make the session enjoyable, fun and stress-free. I don't like setting time limits to my sessions and I LOVE taking photos, so I always take a lot.

3. After Our Session

After our session, I download your photos and analyze each one. You have the option to review them with me or I can pick out the best for you. Then, the magic begins. Each photo is processed individually. I don't run a batch through some actions or slap on a filter and call it a day. I go through these photos with a fine-tooth comb, inch by inch. I check skin tones and colors, fine tune the lighting, make sure your eyes sparkle and remove blemishes. I enhance select areas and get rid of any distracting elements. All of this is done for ALL my clients. I NEVER ever just "shoot and burn."

Then I offer to print them. When I place the order, I make sure the colors are on mark. I crop them to my specifications. I make sure the details are not lost. If the finished product does not meet my expectations, they are reprinted until they do.

I work very hard to make your images the best they can be and I never settle for "good enough". It is my goal to create custom-made images that you will always treasure.

Family

SESSIONS

All too often, time slips away before we realize. As your family story unfolds through the years, I am available to capture these precious moments. If you are interested in having a family portrait session, please let me know if there are any concerns prior to a scheduled shoot. For example, location might be a priority if there are family members that cannot walk long distances. I will help you come up with solutions to make your session successful and as stress free as possible.

*I love senior portrait sessions!
They are like mini adventures.
Each one is customized to fit the
needs and style of the client.
Sessions can include multiple
locations in the local area and
wardrobe changes. Seniors are
strongly encouraged to express
their personality with the use
of props, location and creative
ideas.*

Senior PORTRAITS

Portrait SESSIONS

I can provide indoor sessions for professional headshots or personal portraits. These can be shot at a location of your choice or at my in-home studio.

I also can accomodate studio sessions for small groups.

For studio session, clients can select from a variety of backgrounds.

Standard PACKAGES

Frequently ASKED QUESTIONS

What if it rains the day my session is scheduled?

None of us can control the weather. We simply need to reschedule. I always try to schedule a couple of dates with my clients just for this reason. Then we will already have a back-up date on the calendar in case the weather is bad on the original date we had selected.

I don't like the way I look. Can you make me look thinner?

I get it. We are always our own worst critic when we see ourselves in photos. If there is something about yourself that bothers you, let me know. I can give you some advice on posing during our session to help minimize these concerns. If after you see the photos, you still don't like the way you look, I know some editing tricks that can make a person look thinner, diminish wrinkles and whiten teeth. I don't make any promises that you will then like how you look, but I will do my best to make you happy with your photos.

How long will it take to get my photos?

It depends on the current workload, but clients can expect their galleries to be ready within 30 days after we pick out which photos to edit. I can give you an estimate at the time of photo selection.

Where should I get prints?

With me!! It is the only way I can guarantee that your prints look fabulous. Plus tell me what you would like and I do all the legwork of adjusting the photo if necessary and communicating with the photo lab. If you choose to not purchase prints and products with me, I can make some recommendations on consumer photo labs.

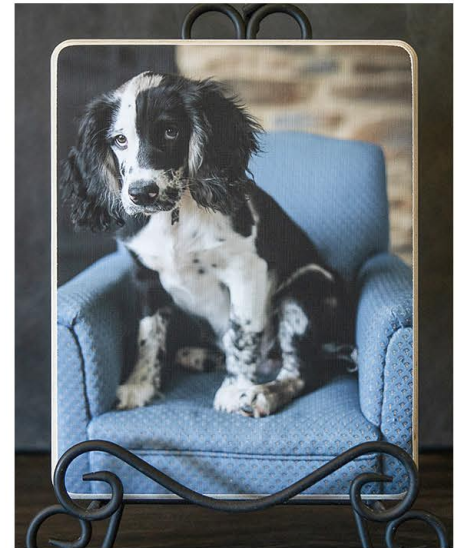

When and how do I pay you?

After you have reviewed your gallery and are pleased with your photos, you can pay me via cash, check or credit card. All prints and products need to be paid in full at the time of ordering.

Beautiful

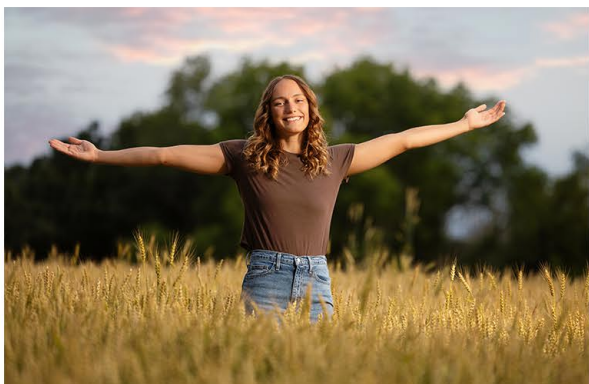

UNIQUE PRODUCTS.
